

10-7-17 WALK IT OUT FOR A CURE

Come and join us at the City Park in Shelby, NC for a 1-2 mile walk to help raise awareness and support those who are battling ALS (Amyotrophic Lateral Sclerosis). This event is to specifically raise money for Timmy Thompson, who is a former park employee and who was recently diagnosed with ALS. Only donations from the walk event will be donated directly to Timmy. If you choose to donate through the link above the money will go directly to the *ALS Association North Carolina Chapter*. Every penny counts! During this event, we will have the Carrousel open for FREE rides from 9:00-9:45am and we will also have 80's themed music, so tease your hair, lace up your shoes, and come get funky with us!

The following link is available if you would like to donate to the ALS foundation in Raleigh! Thank you so much for your donations!!
