

SCHEDULE G-10-10  
EFFECTIVE 07-01-15  
Replaces Rates Dated 07-01-14

## **CITY OF SHELBY**

### **SEWER SERVICE GOVERNMENTAL RATE**

#### **AVAILABILITY:**

Sewer service under this schedule is available by written contract to governmental authorities to be used for metered resale.

#### **RATE:**

Customer Charge per service connection	\$22.43 per billing period
Volume Charge (per 1000 gallons)	\$6.41 per billing period

#### **CONDITIONS:**

Any governmental unit receiving this rate must upon written request from the City of Shelby provide a list of service connections to the sewer lines. The customer charge will be calculated based on the total number of connections to the sewer system.

In existing service where one meter serves more than one consumption unit, each unit will be considered to carry one customer charge per billing period, regardless of individual or aggregate consumption.
